

MiniMe®

featuring breakthrough AIR°gel™ technology

Our MiniMe® Vented and Non-Vented masks feature a patented AIR°gel cushion and flexible shell with *Custom Fit Technology*™. MiniMe is designed for children and FDA cleared for ages 2 – 12. As the only customizable mask on the market, MiniMe provides your smallest patients with uncompromising fit and maximum comfort.

The Smaller Side of Comfort

Custom Fit Technology

The shapeable shell of each mask can be easily molded to fit individual needs.

Flex, fit, forget.

Clearest Field of Vision Possible

Minimal visual interference supports therapy compliance. Children can watch TV, wear glasses, or read a book.

AIR°gel

Maximum comfort, minimum weight. Our patented AIR°gel minimizes pressure points and skin irritation.

Vented and Non-Vented Versions Available

For CPAP and Bi-level therapy in children.

Quick-Release Headgear

Lightweight, breathable headgear slides easily on and off so kids can manage this task on their own.

One Convenient Design

Engineered to fit effectively for pediatric patients ages 2 – 12.

Advanced Cushion Technology (A.C.T.)

Our ergonomic cushion technology delivers an effective seal for the most comfortable fit.

Made in the USA

What makes our MiniMe Mask different?

- FDA Cleared for ages 2 – 12. As the leading mask designed just for children, MiniMe has a historical track record of success in the pediatric market.
- Custom Fit Technology is unique to Sleepnet®. Our soft-shell mask has a shapeable wire allowing for optimal flexibility, fit and comfort.
- One-size design with quality construction eliminates the need for replacement parts and reduces SKUs.

About Advanced Cushion Technology (A.C.T.)

Our patented AIR^ogel with an ergonomic streamlined design and luxurious feel reduces pressure while maintaining an effective seal.

Custom Fit Technology

BEND IT.

MOLD IT.

SHAPE IT.
